Click on the **Wheaton North Falcon Classic** in the Up-Coming Events column. This will launch a page with specific meet information. On this page, click on **Entry Form** to launch an Excel spreadsheet for your event. Fill in the school and coach information requested at the top, and then enter the team roster below. Please indicate the First Name, Last Name, Class (Fr, So, Jr, or Sr), and Gender for each athlete. Save a copy of the completed spreadsheet for your records. E-mail a copy of the spreadsheet to entries@realtiminginc.com by **Tuesday, September 27th at 9 PM.** Please put **Falcon Classic** on the Subject line. You will receive an e-mail confirming that your entries have been received.

TEAM CAMPS: Only use the designated area. At the end of the meet, please clean your campsite area and dispose of its refuse.

RUNNER ID: All runners will attach their pre-assigned computer chip to each running shoe. Each coach is responsible for returning chips in team bag to collection box at finish line. There is a \$10 per chip fee for each missing chip.

SCORING: The Varsity team score is determined by adding the individual places in each flight. Teams must start 7 runners and finish at least 6 to earn a team score. If a team only finishes 6 runners, it will receive a credit for last place in the flight where it did not have a finisher. If 2 or more teams fail to finish a runner in the same flight, all such teams will receive the same score, last place. If a team fails to finish 6 runners, its results will be dropped from team scoring. A tie in the team results is broken by the better finish place of the competitors in flight #1.
